

August 25, 2017

Dear Parents,

Welcome to 4th grade at Meadowview School! I am very excited to begin this year with you and your students. It has been a pleasure meeting many of you this week as we started the school year. I look forward to meeting with you again at Back to School Night on September 7 from 6:30-7:00. During the school year, I hope to be communicating with you in order to meet the needs of our students. If you have any questions, please do not hesitate to contact me. If you need to get an important message to me before the end of the day, please call the main office at (847) 223-3656.

This first week has gone by quickly and I am looking forward to the weeks to come! It has been a pleasure getting to know your student and to begin building our classroom community. The students are doing a wonderful job learning the routines of the classroom.

I have already given the students a math and spelling assessment to help me learn more about each of them and their abilities. Next week, I will begin reading with each of the students, and we will start regular lessons. The students will have nightly math homework written in their assignment notebooks. Homework on some evenings might be a sheet from their enVision workbook, and others might be different types of worksheets to help practice what they learned that day.

Keep up-to-date with what is going on in fourth grade using our classroom website: <http://growingin4th.weebly.com>. There will be many forms coming home in the next few weeks, and some need to be returned to the school. Please return the appropriate papers to school as soon as possible. I am looking forward to a fabulous year with the students in our room. Once again, please do not hesitate to contact me with questions or concerns about your child. I look forward to seeing you at Meadowview's Back to School night!

Sincerely,

Meredith Anderson
