

Growing in 4th News

Room 205

May 4, 2018

Notes from Miss Anderson

- * In **Reading**, we used our understanding of the five text structures to identify the text structure of books we read. Those text structures include: chronology, cause and effect, compare and contrast, problem and solution, and description. Students also noticed how one book can incorporate more than one text structure.
- * In **Writing**, we gathered information from different articles and began to write an informative piece on electric cars.
- * In **Math**, we continued our focus on customary and metric conversions. We also practiced identifying the area and perimeter of rectangles.
- * **Spring Cleanup** in Meadowview's Outdoor Classroom will be on Sunday, May 6, 3:30-5:30. Any questions, call Jessica Albert 847-223-2369
- * Sign up at : <http://www.signupgenius.com/go/30e0449aaa82ca5fc1-meadowview>
- * Have a wonderful weekend!

Upcoming Events

May 9 - Late Start (9:20)
May 11 - Frederick Tour

Respectful Citizens

Kallie and Mia

This Week's Focus

Reading:

- I can identify and describe a story's text structure.

Writing:

- I can write an informative piece.

Math:

- I can find the unknown length or width of a rectangle using a known area or perimeter.
- I can solve multi-step word problems.
- I show my work and do my personal best.

Science:

- I can gather information and share how internal and external structures in plants and animals help them survive.

Social Studies:

- I can research the West Region of the United States.
